Our Official 2017 New York Obamacare Hospital List & Obamacare Guide

Foreword

HEY, so ya found it! The ultimate guide for New Yawkers dealing with the constantly changing, confusing, and ever so frustrating world of Obamacare. I am Jason Samel, the founder of the NewYorkObamacare.com family of sites and President of JayMar Insurance Agency. I have helped thousands of individuals and families enroll into Obamacare plans on and off New York's health insurance exchange, and know the ins and outs of Obamacare like none other and I created this guide because I want to share my knowledge with YOU.

The information found in this guide provides some general guidelines one can use while making decisions during the 2017 open enrollment season, beginning November 1st, 2016. I compiled all of my knowledge and experience along with a ton of stuff found on the internet in a million different places into this easy to understand 20 page guidebook.

THIS IS THE FIRST COMPREHENSIVE GUIDE FOR OBAMACARE IN NEW YORK STATE

The comparison of premiums using a \$\$\$\$ system, one \$ being least inexpensive and five being most was created comparing the standard metal level plans of each carrier. To rate the customer service of each carrier I used a ***** five star rating system and combined my own experience, the feedback I have received from thousands of my clients, ratings on the New York State of Health, as well as public online reviews of each carrier.

If you have any questions, concerns, would like assistance in finding the right health plan for you, need help enrolling in or changing plans, or need help using the New York State of Health call
